

THE Bormax®

THE NEW AGGRESSIVE FORSTNER BIT

Patented Worldwide. Made in Germany.

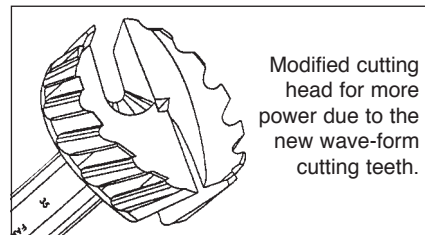

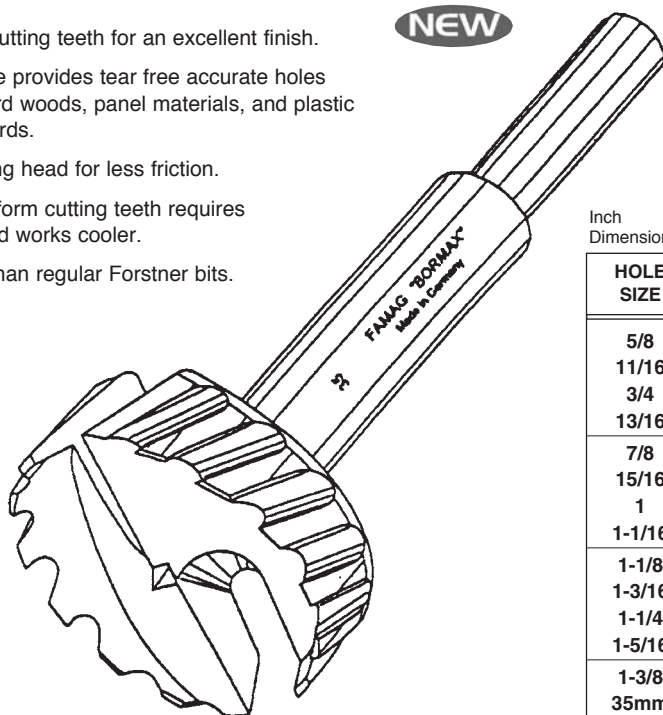

U.S. Pat. Nos. 5, 312, 207, & 5, 975, 814

Features

- Razor sharp cutting teeth for an excellent finish.
- Side clearance provides tear free accurate holes in soft and hard woods, panel materials, and plastic laminated boards.
- Modified cutting head for less friction.
- Unique wave-form cutting teeth requires less power and works cooler.
- Lasts longer than regular Forstner bits.

NEW

Modified cutting head for more power due to the new wave-form cutting teeth.
